

Education

Carnegie Mellon University

Master's of Entertainment Technology, Interaction Design

Pittsburgh, PA

May 2024

Kingston University

Graduate Diploma in Creative Practice

London, UK

2021 - 2022

Fashion Institute of Technology

Bachelor's of Science

New York, NY

2020

Relevant Coursework: UX Design Certificate, UI Design Certificate

Experience

UX/UI Designer | AlterStaff: Project AI2U

Nov 2024 – Apr 2026

- Drove iterative design cycles of the **chat and voice interaction for LLM-powered games**, focusing on making player input feel natural and responsive for a community of 50,000+ players.
- Led the end-to-end design and implementation of the **Shop and customization features**, simplifying the visual hierarchy to create a friction-less purchase flow and a more rewarding player experience.
- Collaborated across Design, Development, and Art teams of 29 to establish and maintain efficient UX prototypes and UI implementation pipelines for game and Mod tool interfaces.

Product Designer | BrightLake Inc

Jun 2024 – Nov 2024

- Crafted interactive wireframes and prototypes using Figma to effectively visualize and communicate design ideas to project stakeholders.
- Owned the development and iteration of case studies for BrightLake's website, directly highlighting key features and user benefits to enhance the company's online presence.
- Conducted in-depth research to identify potential user groups and their specific pain points, utilizing these insights to inform strategic design iterations for the platform.

Product Designer | Children's Museum of Pittsburgh x CMU

Jan 2023 – May 2023

- Synthesized user research and client objectives to define the project scope and inform all design decisions for the tool.
- **Created and iterated on the interface** through multiple fidelity levels, focusing on intuitive navigation for event hosts and event creators.
- **Conducted usability testing and gathered user feedback** to inform iterative improvements in interface design and overall user satisfaction.
- Designed and delivered an interactive storytelling tool in collaboration with a cross-functional team of 6, including developers, artists, and project managers.

Activities

UX/UI Designer Volunteer | American Red Cross

Sep 2024 – Current

- **Redesigned the volunteer recruitment funnel** through high-fidelity wireframes and interactive prototypes, streamlining the path for users to locate opportunities and understand role-specific requirements.
- Re-architected the **discovery experience** to reduce cognitive load, making it easier for users to filter opportunities by location, skill set, and time commitment.
- Built reusable layout templates within the UI design system, enabling designers to quickly validate requirements and maintain visual consistency.

Skills

UX/UI: Contextual Inquiry | Affinity Mapping | Storyboarding | User Journey Mapping | Site Mapping | Wireframing | Information Architecture | Prototyping | Usability Testing | Think Aloud Protocols | Conducting Experience Surveys | Vibe Coding | Iconography | Graphic Design
